### **“Town of Vermilion CAO Resigns after almost 32 years”**

Vermilion, AB (September, 2010)

At its regular meeting of September 7, 2010, Mayor Bruce Marriott and Members of Town Council accepted, with regret, the resignation of Robert Watt, Chief Administrative Officer. Watt's resignation comes after almost 32 years of service to the Town and will become effective December 31, 2010.

Watt said his years as Chief Administrative Officer with the Town of Vermilion have been very rewarding but feels it is time to move forward with the next stage of his life.

“I have enjoyed my career with the Town and appreciate the support provided by the Mayor, Council and Staff of the municipality. There are many exciting challenges ahead for the Town and I believe there are some very dedicated members of staff that will assist Council in providing the services to the community” said Watt.

Mayor Marriott stated "Robert Watt has been a conscientious and trusted resource to Town Council. He has always been there for us on the tough issues and has always been professional and forthcoming in his advice. He will be truly missed."

“Town Council and staff all wish him well and thank him for his dedicated contribution to Vermilion” added Mayor Marriott.
