

**TOWN OF VERMILION
2017 CENSUS REPORT**

INTRODUCTION

The Town of Vermilion Municipal Census was conducted on April 1, 2017. The data collection was completed by an online survey and enumerated responses. The summary of data contained in this report provides a snapshot of the demographic count held on April 1, 2017. The data collected includes population, age range, gender, dwelling type, duration of residence and previous residence location, and employment status and location.

In addition to the enumerated population, Vermilion has a large student population through Lakeland College – Vermilion Campus that are economically active in our community throughout the year. While these students cannot participate in the census program, they should be considered when determining public service needs for the community.

1. CENSUS COLLECTION

1.1 ZONES/DISTRICT

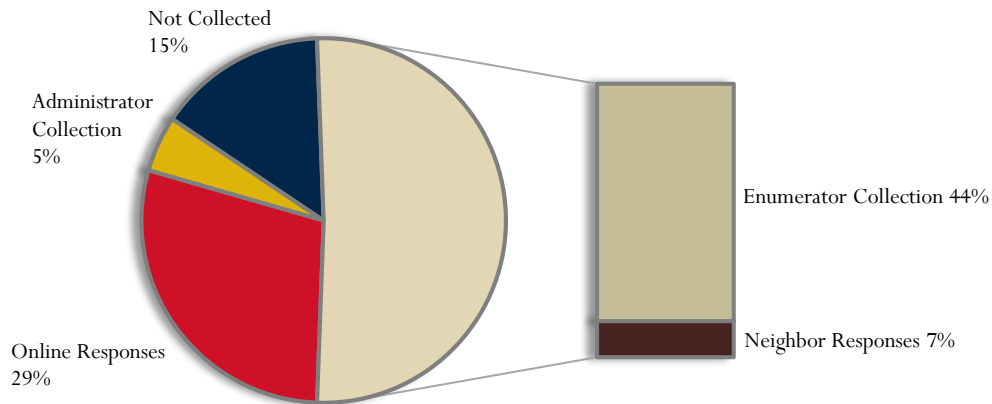

Zone / District	
Zone 1	Brennan/Park Drive
Zone 2	Seniors Assisted Living
Zone 3	Downtown
Zone 4	Central
Zone 5	School Division
Zone 6	Airport
Zone 7	Pilkieville
Zone 8	Lakeland Family Housing

Note: There are five seniors assisted living complexes in Vermilion; two in Zone 1, two in Zone 3, and one in Zone 5. The data collected from these complexes was pulled from their respective zone and entered into Zone 2 to ensure the data does not influence the statistics.

1.2 COLLECTION METHOD

Collected By:	Dwellings	
Online Responses	629	29%
Administrator Collection	108	5%
Enumerator Collection	968	44%
Neighbor Responses	147	7%
Not Collected	327	15%
Totals	2179	100%

Online Responses

In 2017, the Town of Vermilion offered an online census survey to residents for the first time. Residents were given an access code number and entered their data through the website. One third of the households opted to complete the census online. Residents were able to access the online census from April 1st to June 30th.

Administrator Collection

Administration staff entered the bulk data from seniors assisted living complexes, some data from apartment complexes, and individual data from any residents that were having trouble accessing or completing the online census survey.

Note: The data recorded from the seniors assisted living complexes was age range and gender only. All remaining questions were entered as "Prefer not to answer".

Enumerator Collection

Enumerators started on April 22nd and were able to finish on June 22nd. The cut-off for census collection was June 30th.

Neighbor Responses

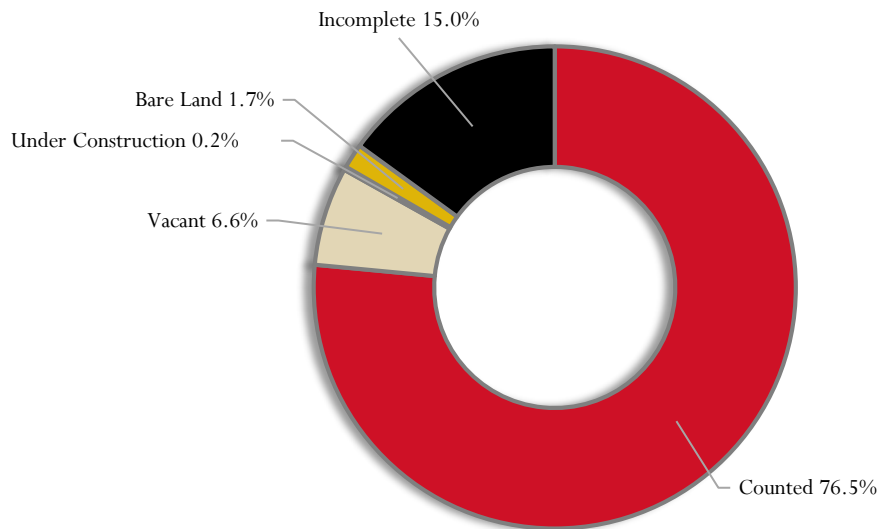

Enumerators were requested to visit a household a minimum of four times before collecting data from a neighbor that was volunteering the information. A population count is the only information that can be collected from a neighbor. Once recorded, the survey immediately closes after the population count is entered and the system automatically defaults the remaining questions to “Prefer not to answer”.

Not Collected

These are the residents that could not be reached for the census survey. Enumerators were requested to visit a household a minimum of four times before moving on or collecting the data from a neighbor.

1.3 COMPLETION RATE

As of April 1, 2017, there were 2,179 residential dwellings in Vermilion to be counted in the Municipal Census. Overall, we had huge success with an 85% completion rate. 1,852 of the 2,179 dwellings were counted into the 2017 Municipal Census; this includes the vacant, under construction, and Bare Land properties.

Count Status	Dwellings	Completion %
Counted	1667	76.5%
Vacant	144	6.6%
Under Construction	5	0.2%
Bare Land	36	1.7%
Incomplete	327	15.0%
Total	2179	

2. POPULATION STATISTICS

2.1 TOTAL POPULATION

2017 Municipal Census Population Count: 4,150

The population count for the 2017 Municipal Census is 4,150. In addition to the enumerated population, Vermilion has a large student population through Lakeland College – Vermilion Campus. There are approximately 721 students enrolled full-time at the college plus an additional 1,071 cumulated students that are enrolled in the short-term Fire & Emergency Training Service Programs and the Trades & Technology Apprenticeship Programs.

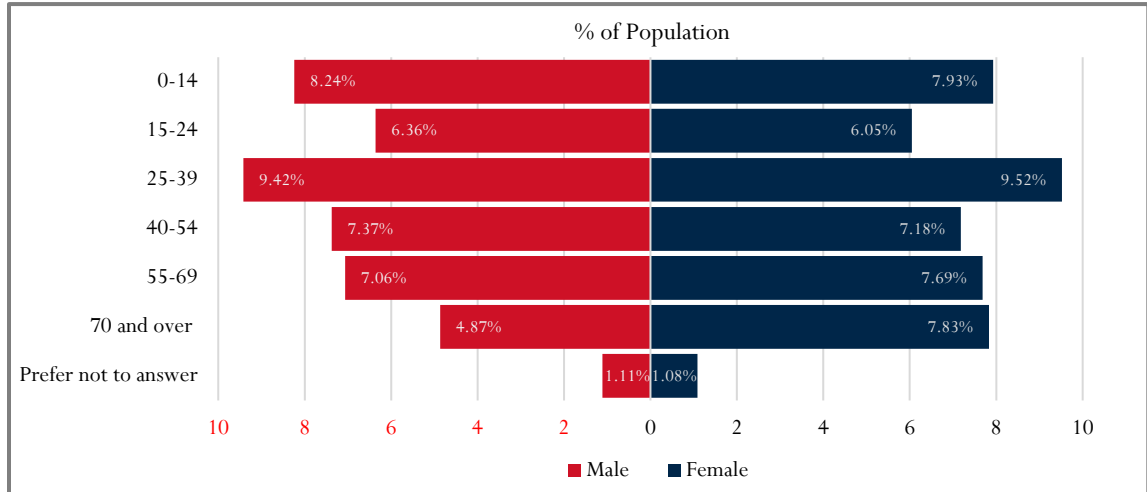

2.2 AGE & GENDER DISTRIBUTION

Age	Total Population	% of Population	Male	Female	Prefer not to answer
0-4	224	5.40%	111	113	0
5-9	233	5.61%	117	116	0
10-14	214	5.16%	114	100	0
15-16	88	2.12%	47	41	0
17-19	144	3.47%	74	70	0
20-24	283	6.82%	143	140	0
25-29	266	6.41%	129	136	1
30-34	284	6.84%	135	146	3
35-39	240	5.78%	127	113	0
40-44	175	4.22%	93	82	0
45-49	209	5.04%	101	108	0
50-54	222	5.35%	112	108	2
55-59	224	5.40%	101	123	0
60-64	224	5.40%	109	114	1
65-69	165	3.98%	83	82	0
70-74	135	3.25%	59	76	0
75 and over	392	9.45%	143	249	0
Prefer not to answer	428	10.30%	46	45	337
Totals	4150		1844	1962	344
			45%	47%	8%

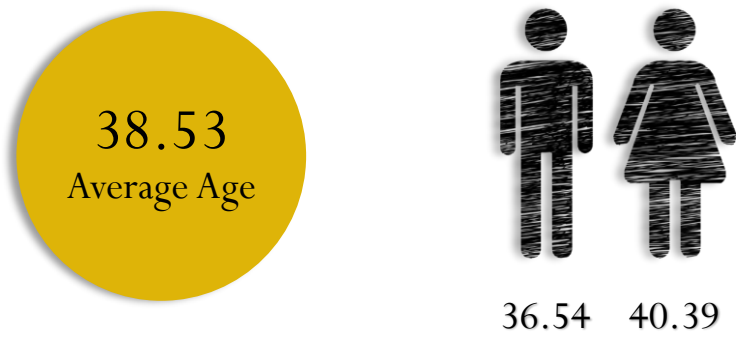

Note: Of the 428 "Prefer not to answer" responses there were 212 people recorded through a Neighbor Response.

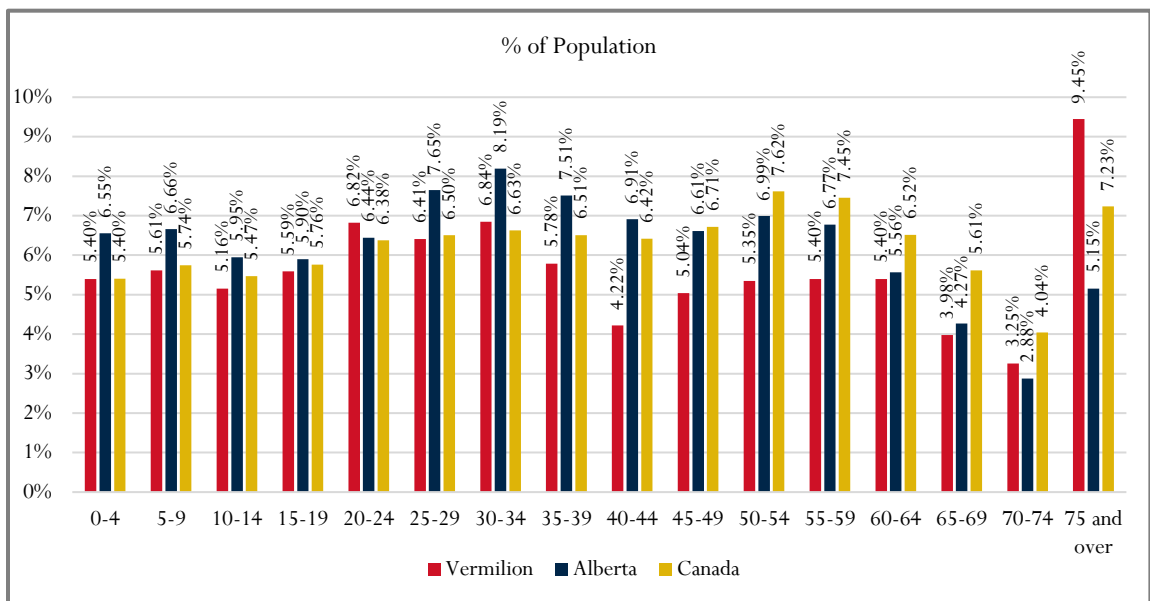

2.3 GENDER COMPARISON

2.4 AVERAGE AGE

2.5 AGE COMPARISON

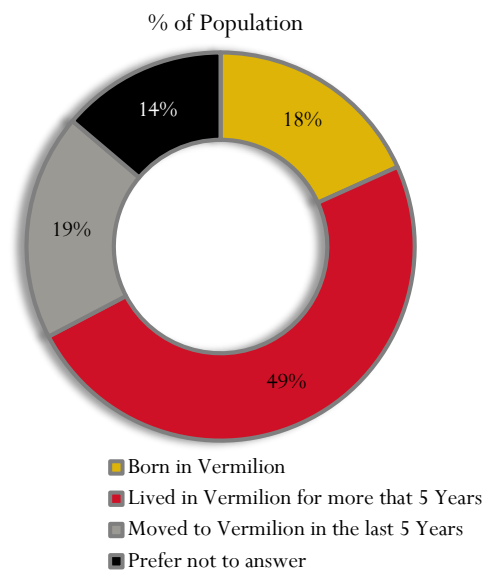

3. RESIDENT TENURE STATISTICS

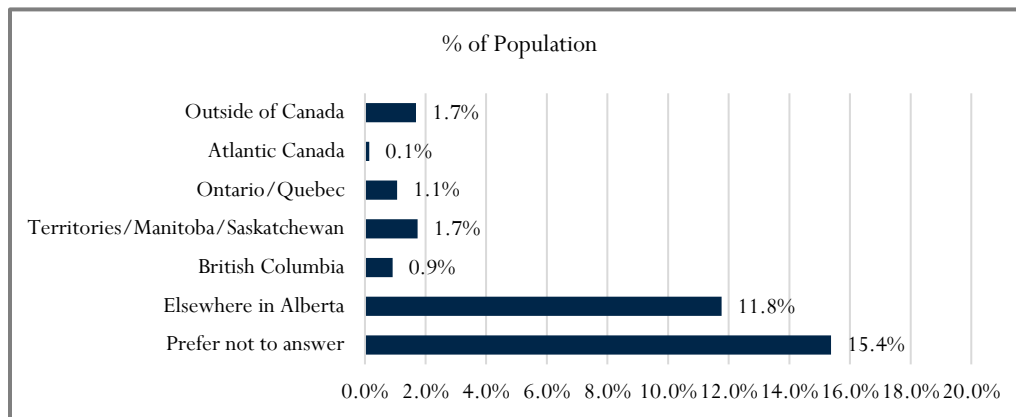

3.1 LENGTH OF RESIDENCE IN VERMILION

Length of Residence in Vermilion	Total Population
Less than 1 year	254
1 year to less than 2 years	115
2 years to less than 5 years	414
5 years or more	2036
N/A (Children 0-16)	758
Prefer not to answer	573
Totals	4150

Note: Out of the 573 “Prefer not to answer” responses there were 212 people recorded through a Neighbor Response and another 206 people recorded from the seniors assisted living complexes.

3.2 PREVIOUS RESIDENCE

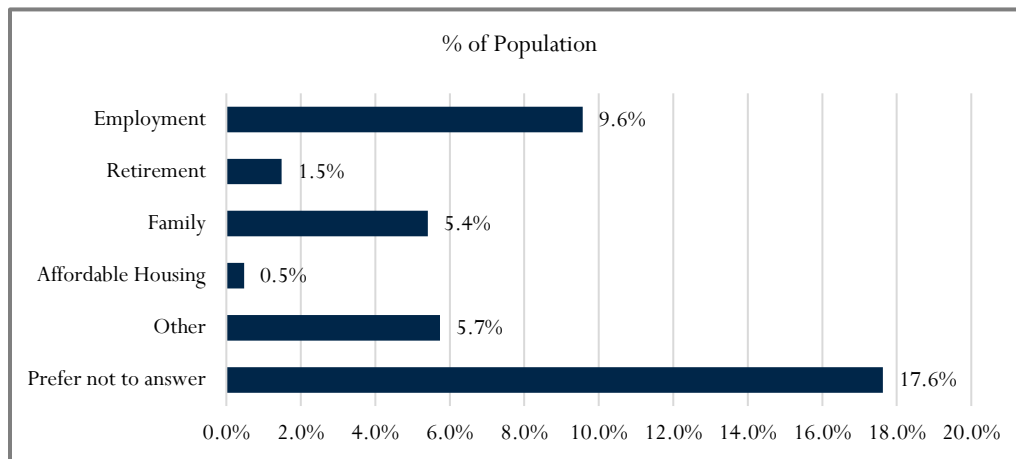

Previous Residence <5 years	Population*
Elsewhere in Alberta	488
Atlantic Canada	6

Note: Employment Location only includes those participating in the Labour Force. Retirees, homemakers and full-time students are all assumed to be based out of Vermilion.

DEFINITIONS

Dwelling – separate set of living quarters with a private entrance from the outside, or from a common hallway, parking garage or stairway inside the building. This entrance should not be through someone else’s living quarters. For example, a room or suite of rooms accessible only through the kitchen of another person’s quarters would not be considered a separate dwelling unit. Related terms include:

Economically Active – Residents who are over 15 years old and are employed or looking for employment.

Economically Inactive – Residents who are over 15 years old and are neither employed nor unemployed. This includes people such as students, homemakers, and retirees.

Employment – working for wages, salary, tips, or commission in your own business, farm or professional practice or for another person or company including working without pay in a family farm or business excluding unpaid housework or other work around the home. Related terms include:

Labour Force Participation Rate – The participation rate reflects the number of people who are Economically Active.

Multi-Unit Dwellings – Duplex, Triplex, Quadruplex, Row House, Apartment Buildings and Condominiums.

Seniors Assisted Living – Lodges and Palliative Care

Single Unit Dwellings – Single Detached, Suite in Single Detached, Single attached to a Non-residential Building, and Manufactured Modular Homes/Mobile Homes.

Unemployment Rate – persons seeking work expressed as a per cent of the total of persons employed and unemployed.

Vacant Dwellings – Vacant Dwellings, Dwellings Under Construction, and Bare Land.
