The Bylaw Beat

Hello, my fellow Vermilionaires. I just wanted to take the time to thank everyone regarding parking and watching your speed around both VES & St. Jerome's. I would also like to thank both sixth grade teachers and students at VES, for letting me play kickball with you. You are a great group of kids, and I wish you all the best this summer! (If any of the

other classes at both VES and St. Jerome's want me to come out and play this upcoming school year, please let me know as I love sports!)

Now as we know with summer in full bloom, your grass is going to need to be cut and yards will need to be maintained regularly. Let's keep Vermilion looking beautiful everyone!

One last thing folks, please ensure that your pets are being kept safely in your yard or inside your home. And if you have dogs that like to bark, please make certain that this does not go on for more than 30 minutes.

Thank you and take good care everyone!

Greg Maughan
Bylaw Officer, Town of Vermilion

Thank you for coming out to the Town of Vermilion's 2021 Outdoor Movie and Fireworks Display - a huge success with over 100 cars with 250 people in attendance! What a beautiful evening!

Town of Vermilion Mobile App is here!
Connect with your Community.

Features

- Receive instant updates to your phone
- One-touch calling to all departments
- Instant directions to county facilities
- Submit permits and forms using the app

Download the Town of Vermilion App!

Be sure to sign up for the newsletter to have the latest notifications sent right to your phone via text!

When you've got the app downloaded, go to 'More' in the bottom right hand corner and simply select 'Newsletter/Sign-Up.'

This will allow you to receive notifications such as road closures, water restrictions, upcoming community events and more!

The Town of Vermilion office is now open to the public effective July 2, 2021 consistent with the Provincial reopening announcement for July 1, 2021.

Regular office hours continue to be Monday through Friday, 8:30am -4:30pm.

For the safety of public and staff, please be advised that certain COVID-19 measures will remain in place for the near term.

- The protective desk shield will remain in place at the front counter.
- Staff will continue to wear masks.
- The public are encouraged to continue to wear masks, but this is not required.
- Hand sanitizer will be available and the public are encouraged to use this product for mutual protection.
- Washrooms will not be available for public use.

Thank you for your cooperation.

BURN PIT POLICY

Following is the policy for burn pit management that is practiced at all Vermilion River Regional Waste Management Services Commission transfer sites. These protocols follow municipal, provincial and federal government regulations. The Commission realizes that it is a privilege for us to have a year-round fire permit in order to be able to accommodate our patrons. The Commission's operators are responsible for ensuring that the regulations and the burn pit policy are followed when monitoring the pit at their site.

Before beginning any burn, our operators must receive permission from the County of Vermilion River Protective Services Division via the East Central Call Centre. Absolutely no burning is allowed when the region is

under a full fire ban. Under partial fire bans, with a special dispensation from the County of Vermilion River Protective Services Division, burning may be allowed on an individual basis, but under mandatory monitoring. When there is no fire ban, and if conditions are conducive, the operators may determine when they will conduct a burn.

Non-flammables such as old grain or soil should never be placed in the pit. Bulk material such as grain does not burn well and will smoulder and smoke and flare up long after the original fire has gone out. Soil inhibits burning in the pit and fills up the pit. We do accept clean yard waste in our pits, but it should not be placed in plastic bags, and it should be dry and soil-free.

PROHIBITED MATERIALS:

- Bulk material such as grain or soil;
- Unidentified liquids;
- Metal, glass, organic animal waste, insulation, drywall;
- Wood with other material attached such as flooring, etc.

POSSIBILITY OF HARMFUL EMISSIONS:

- Treated or pressure-treated wood such as railroad ties;
- Plastics;
- Shingles;
- Rubber tires;
- Mattresses or couches.

POTENTIAL FIRE HAZARD:

- Cardboard and paper;
- Highly combustible material;
- Oil, fluids or chemicals;
- Propane tanks.

Our fire pits are not designed to be incinerators, as the pits do not reach a high

HAVE SOMETHING TO SAY?

Talk to Town Council, offer your input and bring attention to local issues.

This opportunity is limited to residents of the Town of Vermilion.

If you are not a resident, you may provide a written request to the CAO (cao@vermilion.ca), to be considered as a delegation at a future Regular Meeting of Council.

Please note: issues and concerns sent in by email (mayor@vermilion.ca) or through the phone (780-581-2405) can be addressed privately or publicly at the public input session.
