

Notice of Water Restrictions

November 3, 2025

The Alberta Central East Water Corporation will be shutting down the regional water transmission main at **7:00 a.m. on November 3, 2025 until November 6, 2025**. All connected municipalities are required to revert to a **Level C** water restriction during the scheduled shut down.

Level C:

Permitted Use Only:

- Consumption
- Personal hygiene
- Household cleanliness

Restricted Uses:

- Hydrant flushing
- Sewer line flushing
- Street cleaning
- Fleet washing
- Bulk Water Station
- Complete ban on all third-party water sales
- All fire training involving use of municipal water and hydrants
- Spray Park operations
- Filling Lakeland pool
- Park sprinkler systems
- Watering truck
- Maintenance of stadium condenser
- **Complete ban on all non-essential water usage**

We are currently down to 50% water flow received to the town; we will be monitoring the water levels in our reservoirs going forward.

Thank you for support and patience.

If you have any questions or concerns, please call the Transportation & Utilities Department at 780-581-2415.
